

August 17, 1939.

Mr. Cum Posey,
324 - 13th Ave.,
Homestead, Pa.

Dear Sir:

Your last letter received. There was no date so I will refer to it as of date received August 16th. You list umpires advances to August 15th.

I am enclosing check for Sec'y expenses to August 15th amount \$7.50, as per your statement.

About the booking fees for exhibition games between Eagles and Grays, there is no reason why you should not receive the same fee as any booking agent if you give the same. In the case of other agents to whom you refer, they give you guarantees. I feel you should do the same if you are to be paid the same. The ten days we were West with The Grays we grossed \$1042.06, it cost \$350.00 to room and board the men, gas and oil another big item, so you see what was left toward the payroll. You have come to Newark only two days this Season and received \$1007.50. The reason for this big difference is I have taken a town to play in, and worked hard to build it up. If you would do the same you wouldn't seem so unreasonable asking for booking fees for idle days.

Lundy's fine was paid to League Treasurer last Sunday.

About Turner being named League Umpire, that will no doubt be discussed at the Meeting you speak of, however, when he and McCrary both work a game the home team only takes credit for one umpire. The money

Mr. Cum Posey,
#2

paid the second umpire is deducted from his salary, but not deducted from League dues of the Home Team.

Your message from Mr. Wilson about Evans received. Please write Mr. Wilson for me and ask him not to use Moore in any League games until the matter is settled.

About Wellmaker we played The Stars Sunday under protest as "See" had told us The Stars had no business using him. It was discussed Sunday Night, but they didn't seem to get far. "See" said Sonnyman would have to decide it.

Enclosing Treasurer's statement of August 15th.

Very truly yours,

EM:CCJ
